Neighbourhood Meeting on the 19th March 2019

Attendees Mike Fitzpatrick and Myself

Due to the lack of numbers Mike asked me to chair.

Items arising are as follows

Football Pitch dog fouling signs – Mike has not had any response from Channings wood about his request for these signs so is going to pass the problem back to the football team.

It was noted that the path beside the community centre is still in bad shape. Gregg pointed out that the duchy had been contacted by a member of the village and Tom had stated they would do something about it.

Mike said that despite the poor parking in the village including on the zig zag lines outside the school he had been unable to get any response from the Civil Enforcement about this problem.

Princetown Royal Marine Cadets – this has been welcomed enthusiastically by some of the younger members in the village. Mike thought there were currently five cadets who have been issued with kit and seem very willing. The age range seems to be 11 – 14.

Still waiting for a sign to be put up alerting people to the boggy area of the football pitch.

The incident that took place in Burrator Avenue involving a Machete has resulted in the offender receiving a two year prison sentence and the family living in no 1 have now been moved.

Once again there have been a number of thefts from cars parked out on the Moors. The police urge people not to leave valuables in their cars when away from the vehicle.

Mike reported the poor state of the accounts with a current balance of just £91.90 and an outstanding bill for £43.85. Gregg offered to look into possible ways to raise some funds.
